DECORATIVE LOG SET
Cat. No. H0244, DLS-P, Montage™ 32FS & Profile™ 20
Cat. No. H0464, DLS-A03, Profile 30 Series

**INSTALLATION INSTRUCTIONS FOR DECORATIVE LOG SETS FOR USE
WITH MODELS MONTAGE 32FS AND PROFILE SERIES PELLET STOVES**

KIT CONTENTS

- 1 ea. Decorative Log Assembly
- 1 ea. Instruction Sheet

TOOLS REQUIRED

None

CAUTIONS

- Only install log assembly into a cold stove.
- Do not position the log assembly in other ways than what is shown here. Improper placement may negatively affect the proper combustion of fuel or block feed tube.

INSTALLATION INSTRUCTIONS

- Step 1. Open the glass door assembly (rotate the latch handle assembly until door releases, then swing door to the full open position).
- Step 2. Place the log assembly into the firebox being very careful not to damage the brick panel(s). The log assembly should be centered over the UltraGrate™ as shown in pictures on this page.

Front View

Side View

Be careful not to scratch firebrick panel(s) in firebox during installation.

IMPORTANT - Position log assembly with this notch resting on ledge in firebox.

Figure 1 - Proper Log Placement Profile 30

Ensure notch on back of log assembly rests on this ledge.

Figure 2 - Log Locating Ledge Profile 30

WARNING

If notch on back of log assembly is not positioned on top of ledge in firebox, blockage of the feed tube may result.

Figure 3 - Montage 32FS and Profile 20 Series

CARE INSTRUCTIONS

To ensure the longevity of the log assembly, never attempt to handle it while hot. Use an all-purpose brush to periodically remove fly ash build up from the log assembly.

Note: By using the decorative log set, the maintenance frequency for ash removal and cleaning of the glass may need to be increased.

NOTE: DIAGRAMS & ILLUSTRATIONS ARE NOT TO SCALE.

LHP reserves the right to make changes at any time, without notice, in design, materials, specifications, prices and the discontinuance of colors, styles and products. Consult your local distributor for fireplace code information.
